# Introduction

During the planning process of the Kinglake development, a Travel Plan was written to set out all of the travel options that are available to local residents and to make sustainable travel a more viable option for you and your neighbours. Each year the residents of Kinglake will be asked to take part in a questionnaire to see if you/they have been able to take advantage of these travel options.

**A more viable  
option for you and  
your neighbours.**

- Welcome Pack for new residents of the **Kinglake development**;
- Green Travel Vouchers for new residents of the **Kinglake development**;
- Road improvements at the A38 / Bishops Hull Road junction which allow carriageway space for cyclists to negotiate their movements on and off the A38;
- New footway allowing continual access between the **Kinglake** development and the A38 / Bishops Hull Road junction;
- Improvements to Bus service no. 3 i.e. increase service to every 30 minutes;
- Installation of Automatic Traffic Counters at the **Kinglake** site entrance to monitor numbers of trips in and out of the development; Speed surveys on Bishops Hull Road.

**All of these elements will be in place by the time the development is completed.**

# How to get around... **Walking**

Walking is an excellent way to get around. It's free, reliable and a great way to help get fit.

**W**alking is an excellent way to get around. It's free, reliable and a great way to fit regular exercise into your daily routine, no matter what your age or level of fitness. It requires no specialist equipment other than a pair of comfy shoes.

## **Practical information about walking** in and from Bishops Hull.

There are a number of facilities and amenities located within the village of Bishops Hull and therefore within walking distance of the development. These include:

- Local shops and Post Office
- Playing field
- Public House
- Co-Op
- Primary School

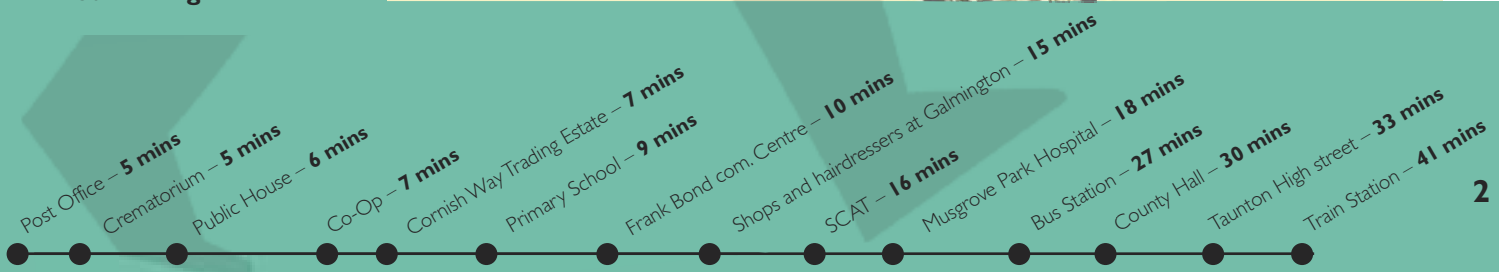

If you're able to **walk that bit further** you can access the following on foot:

- Galmington Shops
- Somerset College of Arts and Technology
- Musgrove Park Hospital
- Taunton High Street

If you are entitled to **Green Travel Vouchers** you could use them to buy:

- Luggage/shopping trolleys
- Maps of local area (inc. UK road atlases)
- Nordic walking poles
- Raincoat
- Rucksack
- Shoes
- Torch (not batteries)
- Umbrellas
- Waterproof trousers

**How far in minutes round Kinglake**

# How to get around... **Cycling**

Many more people cycle to work in Somerset than in most other counties of the UK.

**S**omerset is a wonderful County for cycling. Many more people cycle to work in Somerset than in most other counties of the UK. It is a fantastic way to travel, being quicker than walking (and sometimes driving) and cheaper than running a car. It is a great leisure past time, as well as mode of commute, and has many health, environmental, social and financial benefits.

Practical information about cycling around and from Bishops Hull.

The **worst hills** in Bishops Hull are:

- Bishops Hull Road which leads up to the A38;
- Bishops Hull Hill leading off Silk Mills Road back into the village;
- Wellington Road leading up to Stonegallows;

So consider these when planning your route. If you don't like hills it may be better to take a slightly longer route if you want to avoid them.

You might also need to know about safety on the road, choosing and maintaining your bicycle or security. Talk to your Travel Plan

Co-ordinator about running some courses for you and your neighbours and any possible discounts they may have arranged with local bike shops on cycling equipment. Don't forget that your Green Travel Vouchers (if you are entitled to them) can be used against the purchase of some cycling equipment.

Places you might **consider cycling to...**

- Musgrove Park Hospital
- Cornish Way Trading Estate
- Shops, Hairdressers etc in Galmington or Bindon Road
- Park and Ride
- Taunton and all it has to offer
- Tesco
- Taunton Train Station

**Bicycle shops** in Taunton:

- Bicycle Chain – Chip Lane, Staplegrove Road, Taunton
- Ralph Coleman Cycle – 79 Station Road, Taunton
- Kings Cycles – 30 Station Road, Taunton

Distance from Kinglake development in minutes.

3

# How to get around... **Public Transport**

**Public Transport can be a good option for travelling locally, avoiding traffic congestion and parking costs.**

**S**omerset has a great public transport network. Travelling by rail, bus or coach can often be less stressful than sitting in heavy road traffic in your car, providing you with the opportunity to catch up on work or phone calls and just a chance to read or relax.

## **BUS**

There are many local bus services running across the County and within the Taunton Deane area especially. This can be a good option for travelling locally, avoiding traffic congestion and parking costs. Taunton now has two Park and Ride sites (one either side of the town) which have very regular buses in and out of town at a cost much less than a days parking.

Don't forget you can get discounts on bus travel if you are entitled to Green Travel Vouchers (they can be used to buy season tickets from home but not individual tickets), over 60, a student or if you buy a County ticket.

Practical information about using the bus from Bishops Hull.

The **nearest bus stops** are located at:

- 1) Bishops Hull Road, only a 2 minute walk from the Kinglake development.
- 2) Taunton Deane Cemetery, Wellington Road, only a 7 minute walk from the Kinglake development.
- 3) Comeytrowe Lane, Stonegallows, only a 7 minute walk from the Kinglake development.
- 4) The nearest Park and Ride service is located off Silk Mills Road, a 20 minute walk or a 3 minute drive.
- 5) The nearest Bus Station is Taunton Bus station, located off Tower Street, a 27 minute walk away.

## **Your local bus services and their main stops:**

### **Service 3 (First bus) Bishops Hull - Priorswood**

(from Bishops Hull Road stop).  
Parade - Bus Station - Musgrove - Bishops Hull Church - Shutemead - Musgrove Park Hospital - Bus Station - Parade.

### **Service 22 (First bus) Taunton –Rockwell Green – Cullompton/Tiverton via Wellington** (from Comeytrowe Lane, Stonegallows stop)

### **Service 22a (First bus) Taunton –Tonedale via Wellington** (from Comeytrowe Lane, Stonegallows stop)

**Stops for the 22 and 22a include (but not all):** Richard Huish College (college days only) Taunton Bus Stop, SCAT, Heatherton Park, Wellington High Street, Rockwell Green, Uffculme, Willand, Cullompton, Halberton and Tiverton.

# Using mobile phone technology to find your next bus.

## Internet:

NextBuses is a mobile internet service which makes it possible to find bus times on your mobile internet enabled phone (iPhone, Android and Windows Phone apps are also available). It allows you to select a bus stop close to where you are in Scotland, England or Wales and for that bus stop find the next bus times. Scheduled bus times are shown if live times are not available. Normal data charges from your mobile phone operator apply. Speed and access to the service is subject to your network connection. ([www.nextbuses.mobi](http://www.nextbuses.mobi)).

## Text:

You can also check the next buses from a particular bus stop by sending the bus stop code in a text to **84268**. The bus stop code may be displayed on the bus stop flag or in the timetable case. If the stop is a busy one, then you can also add the service number you want (leaving a space after the stop code)... so your message might look like "sotdtdpt 3". You will receive a message back, normally in less than a minute. Typically the message will show a clock time if the information comes from timetables (e.g.: 0935) but it will show an expected waiting time (e.g.: 5 mins) if it comes from a real-time information system. Remember the service is specific to an individual stop for travel in that one direction... the code for the stop in the other direction will be different! The message you send will cost your normal text message charge. In some areas the reply will be free of charge. In most areas the reply will cost up to 25p.

## The bus stop codes:

- Bishops Hull Road sotdtdpt.
- Comeytrowe Lane, Stonegallows (W bound) sotagtaw
- Taunton Deane Cemetery, Wellington Road (E bound) sotagtga

## Getting on the bus:

- Find the right bus stop.
- Stopping the bus – check the route number and destination on the front of the bus as it approaches. Raise your arm to show the driver that you want it to stop – it may not otherwise.
- Buy your ticket on the bus – choose from a single, return or day ticket for your journey. Quite often day tickets are the cheapest if you are doing two or more journeys that day. Generally a return ticket is the price of 2 singles – unlike the train. Having the correct fare will help the driver who may not have much change. Season tickets may be the cheapest option if you intend to use the bus a lot for your daily commute (these need to be purchased from the bus station or online).
- Getting off the bus – press the bell once in advance of the stop where you want to get off, giving the driver enough time to slow down and stop. Ask the driver for help if you are unsure where to get off the first time. It helps to know how long your journey is supposed to be so that you know roughly how long you should be on the bus for.

## Distance from Kingslake development, inc walk to nearest bus stop

5

Taunton – 12 mins

Wellington – 20 mins

Bridgwater – 1 hour

Street – 1.5 to 1.75 hours

Weston Super Mare –  
2.5 to 3 hours

**Quite often** day tickets are the cheapest if you are doing two or more journeys that day.

# How to get around... **Coach**

A coach can be a more financially viable option than driving the car.

**If you don't fancy taking the train, a cheaper option may be by coach. With regular services running to various parts of the country, it can be a more financially viable option than driving the car.**

National Express coaches operate a bookable service from Taunton bus station to many locations across the country including Birmingham, Bournemouth, Bristol, Cardiff, Manchester, Newquay, Plymouth and London.

Berrys Coaches operate a bookable Superfast service to London and Excursion days from Taunton. Excursion days range from city shopper days in Bath, Bristol, Cardiff and Oxford (to name a few) to theatre days, scenic tours and visits to special events. Day-tours for the coming week are listed in the back of the Somerset County Gazette and the Bridgwater Mercury.

**Journey time from Taunton Bus Station.**

Bristol – 1-1.5 hours

Plymouth – 1.5 hours

London – 3 hours

Birmingham – 3.5-4.5 hours

Cardiff – 3.5-5 hours

Newquay – 4-5 hours

Bournemouth – 6-7 hours

Manchester – 6-8 hours

# How to get around... **Trains**

**Often buying your ticket at least 24 hours in advance can be much cheaper.**

## **Journey time from Taunton Train Station**

**T**he nearest train station is **Taunton Station** and is a **main line station with easy links to Exeter, Bristol and London, as well as the rest of the country.**

**Practical information** about using the Trains from Taunton

- Taunton Station is located on Station Road to the north of Taunton town centre, a 40 minute walk or 15 minute cycle ride from the Kinglake development.

As a main line station all of the major towns and cities in the south west are in easy reach e.g. Plymouth, Exeter, Bristol, Bath and London. Many local services also run e.g. Bridgwater, Weston Super Mare, Frome, Yeovil etc.

### **Getting on the train**

- Look up the times of the trains to your destination – use the various National Rail Enquiries services to get the time of the next train: website **[www.nationalrail.co.uk](http://www.nationalrail.co.uk)**  
**Tel: 08457 48 49 50**  
(see back of booklet for further details).
- Buy your ticket – You can order your ticket on the internet, over the phone or at the station before you get the train. Sometimes if the station is unstaffed you can buy the ticket on the train itself. Often buying your ticket at least 24 hours in advance can be much cheaper than buying on the day, especially if you commit to using specific trains. Railcards for Young Persons, Family and Over 60's are also available and benefit the user with much discounted travel. And don't forget your Green Travel Vouchers if you are entitled to them, they can be used to buy season tickets for your journey to work (not one-off journeys).
- On the train – Have your ticket to hand as you may be asked to show your ticket more than once during your journey and when you get off.

# How to get around... **Motorcycle**

A motorcycle can be cheaper to run than the car and a more environmentally friendly option.

**If you are travelling alone and prefer motorised travel, using a motorcycle can be cheaper to run than the car and a more environmentally friendly option. It can reduce travel time for both you and other road users by either by-passing traffic or taking up less road space and therefore reducing congestion.**

If you would like to learn to ride a motorcycle or already have a license but are a bit rusty and require a refresher course, why not contact one of the many motorcycle training schools in Taunton.

**Practical information** about travelling by motorcycle

Many car parks have dedicated areas for motorcycle parking, making parking easier and reducing the risk of any damage happening to the vehicle. Within Taunton

town centre there are 4 car parks with dedicated motorcycle parking:

- Elms Parade – off Staplegrove Road
- Coal Orchard – off St James Street
- Whirligig Lane – off Magdalene Street
- Musgrove Park Hospital – Duchess 2 Car Park off Parkfield Drive

If you already own a motorcycle you may find the following shops useful:

- Bitza Bikes – Riverside Works, Bathpool
- Grahams Motorcycles – Wood Street, Taunton
- GV Bikes – Whitehall, Taunton
- Total Triumph – Wellington Road, Taunton

Don't forget you can use your Green Travel Vouchers (if you are entitled to them) to purchase motorcycle equipment including helmets (but not servicing or labour costs).

# How to get around... **Driving**

Although being able to hop into your car and just drive is very convenient, it may not be the cheapest option.

**A**lthough being able to hop into your car and just drive is very convenient, it may not be the cheapest, fastest or most environmentally friendly option. However, there are steps that you can take to reduce the impact of driving on your pocket and the environment. So why not consider some of the ideas below and try something new?

**Practical information** about travelling by car:

The Moving Forward website has a number of tips for greener driving:

- The simplest way is to try to reduce the number of car journeys you need to make.
- Try sharing your journey with other people (see Car Share Somerset), thereby saving money on travel costs for

all of those in the car and reducing the number of cars on the road.

- Try combining your car journeys, carrying out several tasks in one journey instead of individually.
- Try travelling at quieter times of the day, avoiding rush hour if you can.
- Why not use your car for only part of your journey and use the Park and Ride service, or walk the rest.
- If your children are leaving school or home, perhaps this is your opportunity to change the car for a smaller, more fuel efficient one.
- Look into public transport and walking/cycling routes near your home.

Maybe you could use these for a couple of days a week, especially in nice weather.

# Reducing travel in other ways...

**T**hinking carefully about how you travel is important – but it may be that you don't have to make that journey at all. Cutting the number of journeys you make could save you time, hassle and money.

## Practical information about working from home

**Flexible working** (or changing the times you work) and **home working** (or changing where you work) can have major rewards in terms of lifestyle.

- Why not ask your employer if they can do anything to support flexible and home working. There are a number of rewards that your employer might not be aware of – such as improved staff morale, increased productivity and the potential to provide bigger personal workspaces.
- Can you set up a home office space to work from home, even for just one day a week? You can use your Green Travel Vouchers to help you do this by using them against the following:
  - \* Broadband (max. 3 months bills)
  - \* Computer equipment (not games) including laptop and printer
  - \* Home office desk to value of £150
  - \* Home office storage
  - \* Lighting
  - \* Office chair
  - \* Other DSE type equipment (rests, supports, holders, etc)
  - \* Small office equipment / stationery
  - \* WiFi router
- Visit the Moving Forward for Business website for further ideas and information on working from home: [www.movingsomersetforward.co.uk/business](http://www.movingsomersetforward.co.uk/business)

## Practical information about going shopping

Shopping locally and buying locally sourced products is a good way to improve your lifestyle and support local suppliers. There are local shops located just a short walk from your home within the village of Bishops Hull.

If a greater choice is what you're after, Co-Op is just a 7 minute walk away and Tesco is just an 11 minute bike ride away (from the Kinglake development). Using your Green Travel Vouchers, maybe you could invest in a new rucksack or some bicycle panniers to help carry your shopping home.

For bigger shops why not do your shopping online and have it delivered to your door. This not only avoids having to travel to the shops but also the queues at the tills, and can even save you money by encouraging you to stick to a budget as the cost is tallied up as you shop. Most national supermarkets have an online shopping service.

# Practical information about days out / things to do.

Instead of getting in the car to enjoy a day out why not take advantage of what is on your doorstep within either walking or cycling distance, or even a short bus ride away? The journey itself could then become part of the fun e.g. a cycle ride along the canal, stopping for lunch along the way or a family trip to the museum or swimming pool, when the children can enjoy taking the bus.
