Satellite & Road Maps: Imagery ©2013 DigitalGlobe, Getmapping plc, Infoterra Ltd & Bluesky, Map data ©2013 Google - unless stated

Traffic Management Plan

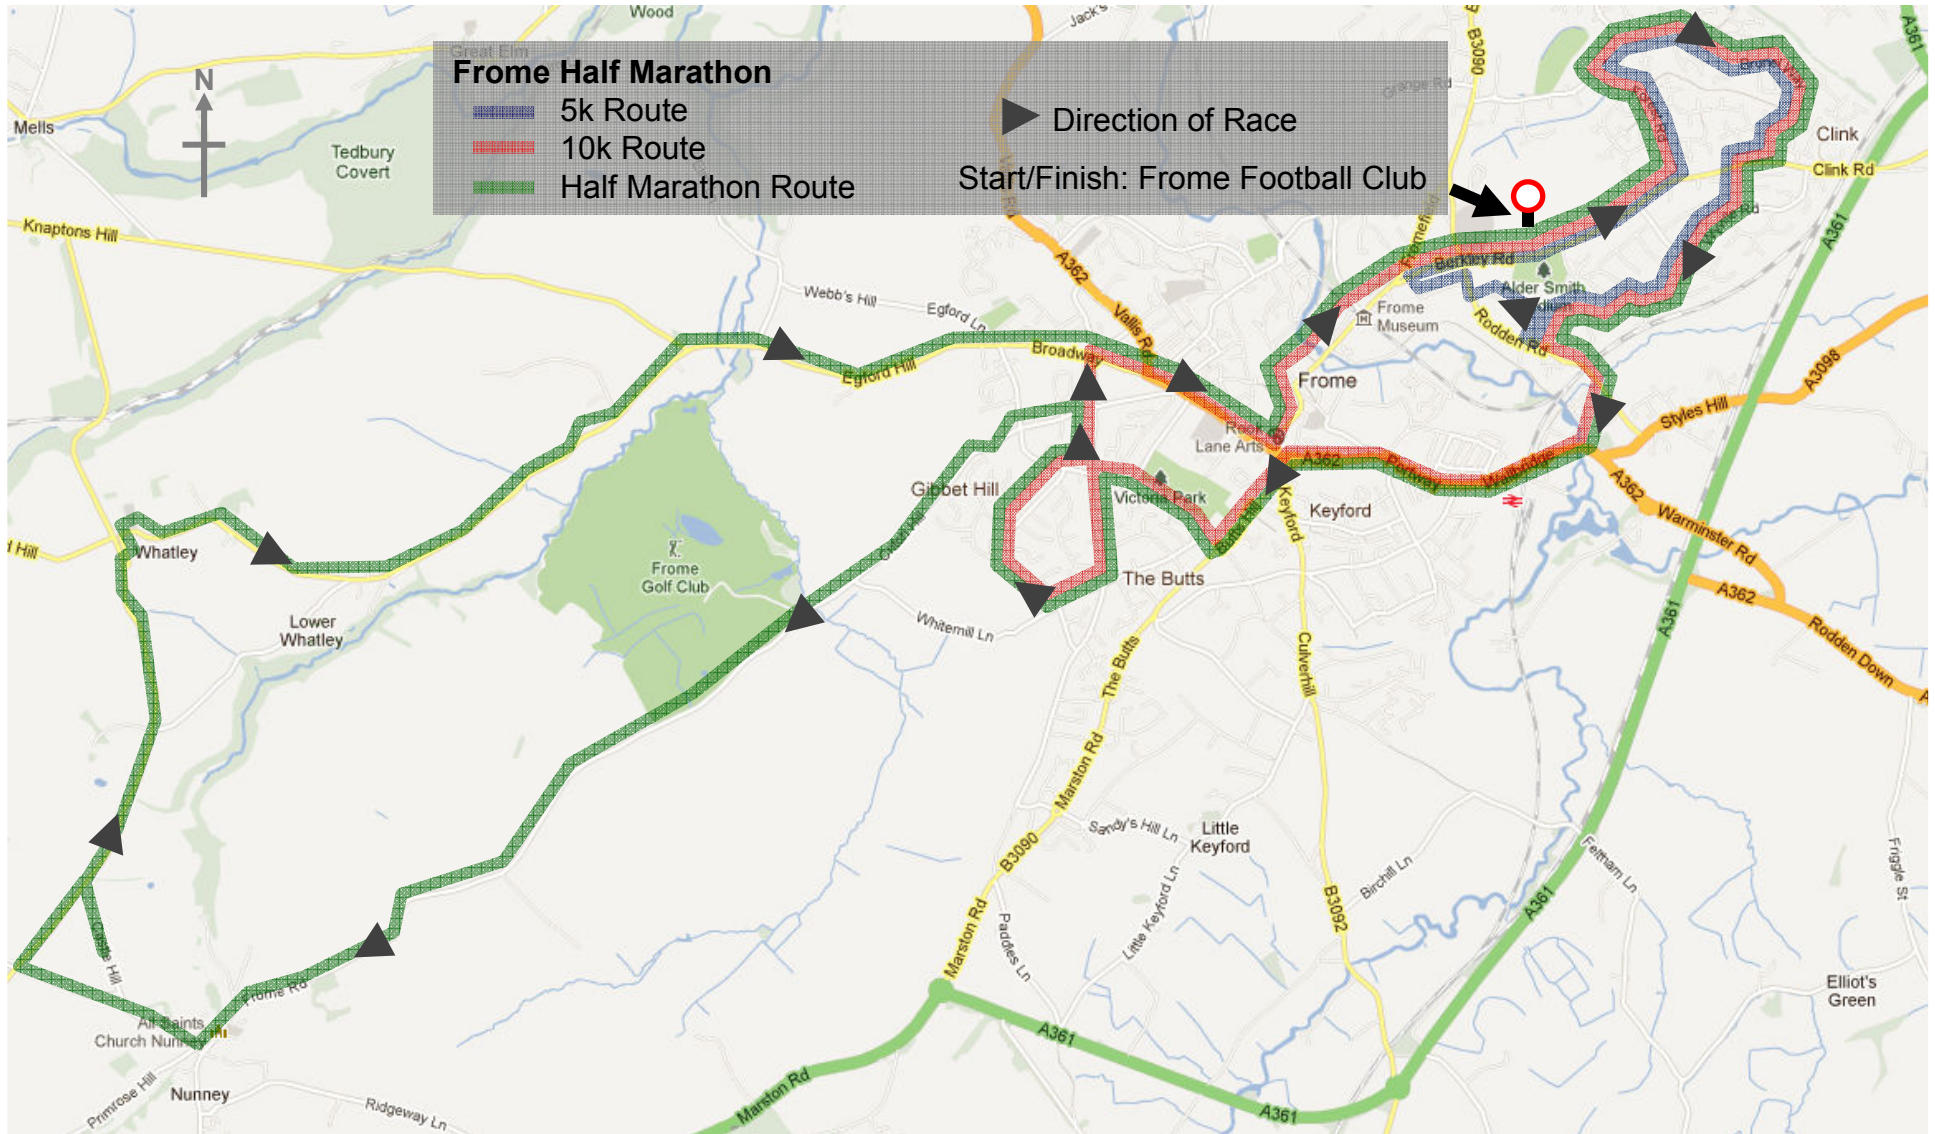

- The following slides are structured as:
 - Overview
 - Typical 'Road Closed' arrangement
 - (Intro slide to illustrate cones/signage advice)
 - Route Map
 - Instructions— appropriate pages to be given to each marshal and team leader
 - Route Controls 5k route from start to finish
 - Additional 10k section from split to merge
 - Additional Half-marathon section from split to merge
 - External Closures
 - Wide-area Map
 - Route-area Map
 - Detailed Maps

Typical 'Road Closed' arrangement

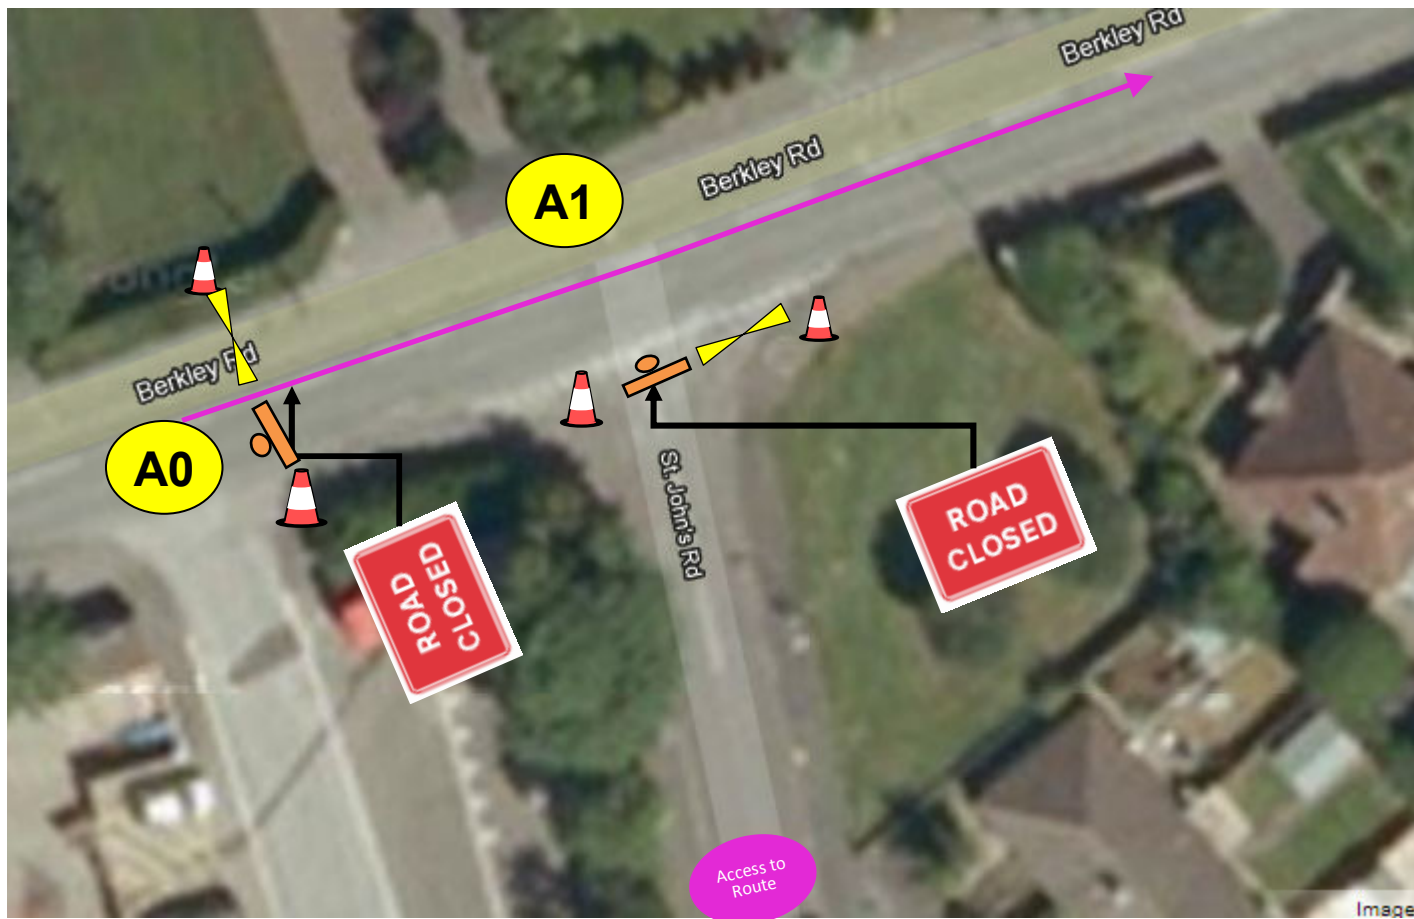

- Place sign facing approaching traffic (traffic entering the route i.e. the closed road) and use cones to block the other side of the road and any key gaps - Marshall to stand in a safe place,
- if access is controlled or a route leads onto another route section it is shown; a dead-end is shown as a small pink oval
- The race direction is shown by a pink arrow, other notes are provided as necessary
