Land Reg. Nos.

ST 284325

ST 62658

ST 312218

Enclosed

Dated 1/10/13

Signed

lete as applicable

4. Photographs of the Application Route

With SCC.

Please take photographs of all parts of the application route including the start and end of the alleged route and include these when submitting your application. Please also write on the back of the photo details of where it was taken.

5. Consultations

You should consult your local Parish Council regarding the proposed route. You should write to them with a copy of a map showing the alleged route clearly, along with a description of what is being proposed and asking for any comments or factual information they may be able to provide, allowing 28 days for a reply. Please attach any response you receive to this application. You may also wish to consult your local County Councillor and District Council in addition.

The applicant's responsibility does not stop with the submission of the application form. The applicant will be the promoter of the application and will be required to support it through its various stages (please see the pre application advice). If the process seems too burdensome, the Parish Council or certain user groups may be interested in assisting. The applicant may be requested to carry out further investigation into the evidence, to answer queries, to serve required notices and in the event of objections to the proposal be called as a witness at a public local inquiry. However, should the County Council decide to make an order, the necessary work to publish and defend it at public inquiry will be undertaken by the Council.

It is important for the applicant to be aware that in investigating Definitive Map modification claims, the County Council, as Surveying Authority, is under a duty to record the true status of the way concerned. The evidence may reveal that the claimed way is a:-

- Public Footpath – which may be used by members of the public on foot
- Public Bridleway – which may be used by walkers, horse riders and cyclists
- Restricted Byway (formally called a Road Used as a Public Path) – which may be used by all the above and horse drawn carts or carriages
- Byway Open to All Traffic (BOAT) – which may be used by all the above and mechanically propelled vehicles

Similarly, following research, the investigating officer may conclude that the way is shown correctly on the records or has no public rights at all.

Should you wish to apply for a BOAT please contact this department on the number and address at the back of this form for the latest information and legislation.

Please attach a list showing who you have consulted and copies of any replies to your enquiries to this application form.

6. Signature of the Applicant(s)

Please sign and date the form below.
